It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' texbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator – a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

### By Judy Hall 101 Power

But divination, or the practice of using signs, offers guidance—it does not tell you what to do. Crystals point to choices and possibilities. They give answers that can be interpreted in several ways. When you receive an answer, remain open to all possibilities.Belief in the power of stones continued well into the Middle Ages.
