Feminism, Law, and Religion - Google Books

A feminist critique of Muslim personal law is provided by Vrinda Narain in Reclaiming the Nation. 63 She argues that the gender bias in Muslim personal law has persisted largely because the leadership of the Muslim community demands that women give primacy to their religious affiliation to the detriment of their gender identity and the state has lacked the political will to confront that leadership directly. In Narain's view,

Full article: Law, religion and gender equality ...

The subjects bring into discussion the transition from religious and non-religious significances and estimates in quest of a right jurisprudence for women, how the theological perceptions arising from religious heritage are applied to legal matters of feminist projects and tasks, as well as on feminist legal studies, from or relating to the Bible, concerning women's rights and the part the religious law has played in women's ecclesiastic journey.

Today, a growing number of feminist faith activists are leading the way in re-examining religious teachings and laws, and advocating for women's rightful participation in the interpretation of religious doctrine. They are generating new narratives about the role of religion and faith in achieving full equality.

RELIGION AND GENDER EQUALITY

Religion is often seen as institutionalizing and perpetuating patriarchy, thus frustrating many advocates for women's rights and equality. Often overlooked, early roots of feminism included religious voices, and faith-based organizations have worked with women and girls in various development activities for decades.

Religion and Feminism: Is Religion an Obstacle or ...

Evaluating feminist views on the role of religion. Not all feminists agree that religion is essentially patriarchal, arguing that many early religions featured prominent goddesses and other female figures. Instead they argue that patriarchal societies have changed religions in order to ensure they reflected and reinforced patriarchal values.

Feminist Views on the Role of Religions | Sociology | tutor2u

Gender inequality is a concept which has been occurring over a number of years and due to gender differences it fuels up gender inequality, which gave rise to gender socialization. Thus whether universal laws or different laws will serve the

Gender Inequality and Religious Personal Laws in India

Feminism incorporates the position that societies prioritize the male point of view, and that women are treated unjustly within those societies. Efforts to change that include fighting against gender stereotypes and establishing educational, professional, and interpersonal opportunities and outcomes for women that are equal to those for men.
